

OPEN POSITION

APPLY AS MEMBER OF THE SOLAR PANEL MANAGEMENT TEAM OIKOS SOLAR

Since its founding in 1987, oikos St. Gallen has led many initiatives for positive change at the University of St. Gallen, engaging in both the business and academic sectors. oikos Solar is dedicated to promoting solar energy across Switzerland, working closely with a vast network across politics and industry to raise funds and establish photovoltaic installations. The project is structured into six key departments: Finance, Business Development, Solar Panel Management, Marketing, Legal, and IT & Data Insights. As part of the solar panel management team, you will be in charge of the construction and maintenance of solar panels. This involves coordinating with various stakeholders including roof owners, solar panel suppliers, installation crews, electrical companies, and maintenance teams to ensure efficient and effective solar panel setup and operation.

YOUR RESPONSIBILITIES AS A TEAM MEMBER

- Serving as the primary contact for clients
- Organizing and coordinating project activities
- Managing relationships with stakeholders such as roof owners and installation companies
- Developing projects that are economically viable
- Committing to 4 hours per week, throughout the year

WHAT DO WE OFFER?

- Hands on experience in operations
- Various networking, professional development and fun community events
- Teamwork with committed students in the field of sustainability and business
- A meaningful and challenging job alongside your studies
