

OPEN POSITION

APPLY AS LEAD OF THE SOLAR PANEL MANAGEMENT TEAM OIKOS SOLAR

oikos
— — —

Since its founding in 1987, oikos St. Gallen has led many initiatives for positive change at the University of St. Gallen, engaging in both the business and academic sectors. oikos Solar is dedicated to promoting solar energy across Switzerland, working closely with a vast network across politics and industry to raise funds and establish photovoltaic installations. The project is structured into six key departments: Finance, Business Development, Solar Panel Management, Marketing, Legal, and IT. As the lead of the solar panel management team, you will be responsible for guiding your team in managing and organizing relationships with various external stakeholders (installation companies, property owners, etc.) in the most efficient way possible, in order to coordinate the installation and management of photovoltaic systems.

YOUR RESPONSIBILITIES AS TEAM LEAD

- Managing the various stakeholders: roof owners, solar panel vendors, assemblers, electrical companies and maintenance crew
- Responsible for all the activities of your department
- Organising and managing the different tasks of your project
- External point of contact upon escalation
- Commitment: 10h-15h/week all year round

WHAT DO YOU BRING

- Plenty motivation!
- Late Bachelor or Master/Phd

WHAT DO WE OFFER?

- Hands on experience in operations
- Various networking, professional development and fun community events
- Teamwork with committed students in the field of sustainability and business
- A meaningful and challenging job alongside your studies
- Campus credits and work certificate
